

"Your happiness is much more important than your pay-cheque and your integrity worth more than your career"

HUMAN TALENT DEVELOPMENT AFRICA presents: WORK ETHICS AND CORPORATE GOVERNANCE SUMMIT

THEME: RESTORING THE WORK ETHIC FOR ORGANISATIONAL GROWTH AND SUSTAINABILITY

All too often well-meant people in organizations make unethical choices. These choices scar reputations, sap productivity, deflate morale and undermine organizational effectiveness and profitability. It has been known that businesses that value ethics have higher productivity, profitability, employee retention and demonstrated customer loyalty and community respect.

SOME TOPICS TO BE COVERED:

- Corporate Governance: Leading your organizations beyond personalities
- Ethical Practices: Myth or Reality
- Unlocking the Shareholder Value: Taming the Wild
- Ethics and the Lost Equity Theory
- Corporate Crime: A Socialization problem or a self presented opportunity

SOME SPEAKERS:

Well renowned, high-profile and eloquent speakers among them the following;

- **Professor Lovemore Madhuku:** A very experienced astute lawyer and a University of Zimbabwe Public Law Lecturer
- **Dr. Shingi Munyeza:** An accomplished business leader and an entrepreneur of note.
- **Herbert Nkala:** A well moulded corporate leader with several local and international assignments
- **Gloria Zvaravanhu:** An accomplished Chartered Accountant with solid experience in the financial services sector. She is a past president of the Institute of Chartered Accountants Zimbabwe.
- **Dr. Gloria Magombo:** An engineer by training and a seasoned Chief Executive Officer with experience in both the Private and Public sectors.

The Seminar is action-packed and practical with break away sessions, presentations and discussions.

BENEFITS

A quality training initiative that will help your organization and employees to focus on attaining bottom line effectiveness, profitability and sustainability. Delegates will be in a position to transfer and apply knowledge gained on this programme into their own organizations thereby providing return on investment.
